

# CARDIOMYOPATHY WEEK 2008

The 'AGM & Information Day', being held in London on September 20th, marks the beginning of the 2008 Cardiomyopathy Week.

The aim of the week is simple: **to raise awareness of cardiomyopathy.**

This will assist us in our efforts to improve services for people and families affected by cardiomyopathy.

We are asking all CMA supporters to contribute to the week in whatever way they can.

Here are some suggestions:

- Ask at your local GP surgery or hospital clinic about displaying CMA information literature.
- Ask your local shop to have a CMA collection box on their counter.
- Have a display stand in your local hospital, sports centre or shopping mall.
- Write to your M.P. about the provision of services for cardiomyopathy patients in your area. Obtain a suggested letter format **here**.
- Organise your own event.
- Put the CMA's details in the signature section of your emails.
- Tell your story to the media.
- Organise a 'dress down' day or 'Wear Red' day in your office or school. The poster for the 'Wear Red' day can be **downloaded here**.

If you would like to take part, or have an idea, please contact the CMA office via freephone 0800 018 1024 or email [info@cardiomyopathy.org](mailto:info@cardiomyopathy.org) .

We will be happy to assist you.

Thank you for your support.
